SRILAYA M

AI & FULL-STACK
DEVELOPER

P R O F I L E

Passionate AI and Full-Stack Developer currently pursuing an Integrated M.Tech in CSE. Experienced in designing and developing end-to-end AI-driven applications involving Machine Learning, Computer Vision, NLP, RAG, and scalable web technologies. Proven ability to lead academic projects, collaborate effectively in teams, and deliver innovative solutions from development to deployment. A quick learner with strong problem-solving, communication, and leadership skills, eager to contribute to impactful AI and software engineering initiatives.

K E Y S K I L L S

Soft Skills - Leadership, Team Collaboration, Communication, Problem Solving, Time Management, Adaptability

Programming - Python, Java, C++, JavaScript, SQL

Web Technologies - HTML, CSS, JavaScript, Next.js

AI & ML - ML, DL, NLP, Generative AI, RAG, Prompt Engineering

P R O J E C T S

- MindCare AI: Intelligent Mental Health Support Platform
- Social Video Intelligence RAG Chatbot
- Plant Disease Detection & Severity Estimation using Deep Learning
- DevastAI: Offline AI-Powered Disaster Damage Detection & Prioritization

Programme Representative (PR)

School of Computer Science Engineering & Information Systems, VIT Vellore

- Served as the primary liaison between faculty members and students, ensuring effective communication of academic updates, schedules, and announcements.

VIT Health Club - Active Member

- Contributed to health awareness campaigns, student engagement initiatives, and campus outreach activities.
- Assisted in creating promotional content and supporting event coordination to improve participation and visibility.
